About SRC

SRC is a not-for-profit research and development company and SRCTec is our high-tech manufacturing and lifecycle support subsidiary. Together, we are *redefining possible*[®] with unique, next generation solutions of national significance in defense, environment and intelligence.

SRC is committed to providing a positive, supportive and healthy work environment. In fact, **FORTUNE magazine named us one of the 100 Best Companies to Work For in 2012**. We seek the best and brightest staff and challenge them to go beyond – *redefining possible*[®] through a model that integrates research, development and manufacturing. Join us and we'll give you the freedom and the resources to solve “impossible” problems in a highly innovative and collaborative work environment. And not just the design, but the actual building, testing and fielding. In return, you'll receive a competitive salary and comprehensive benefits package that includes three or more weeks vacation to start, 10 percent of employee compensation contributed toward retirement, and 100 percent tuition support.

EEO/AA employer. Female, minority, Vietnam-era veteran and disabled candidates are encouraged to apply.
